Treats up to 3,000 square feet per 64-ounce bottle!

PRO FOAM ULTRA *ONE SHOT* Application System

Pro Foam Ultra is designed to lift and emulsify encrusted soils on hard surfaces for the removal of grease, protein-based soils and organic residues from vertical and horizontal surfaces. Its high foaming properties allow **Pro Foam Ultra** to cling to all surfaces, providing excellent cleaning action. **Pro Foam Ultra** is nonflammable and nontoxic. **Pro Foam Ultra** may be used in a variety of cleaning applications where its high detergency and foaming will get the job done.

Apply and rinse the solution with one easy-to-use applicator!

“There’s no clean like foam”

**Dog Crates - Concrete Floors & Walkways - Kennel Floors & Walls
Vinyl & Wood Fences - Wood Decks & Patios - Painted Surfaces –
Patio Furniture - Awnings & more!**

DIRECTIONS

Before Getting Started: Turn the spray setting to the **OFF** position. Attach the sprayer to your garden hose. Turn on water source.

Surface Cleaning Directions (patio furniture, awnings, fences, walls, etc.): Remove loose debris and heavy soil from the surface. Turn the spray setting to the **CLEAN** position. Apply the solution from the top or back of the surface, working down and out. Turn the spray setting to the **OFF** position. If needed, agitate the surface using a synthetic brush. Allow the solution to stand for 3 to 5 minutes. Turn the spray setting to the **RINSE** position and thoroughly rinse the surface. Turn the spray setting to the **OFF** position.

Floor Cleaning Directions: If present, remove pets from the area. Remove and discard solid waste and dirt. Turn the spray setting to the **CLEAN** position. Working from the furthest section of the area and moving backward, apply the solution to the surface. If needed, agitate the surface using a deck brush. Allow the solution to stand for 3 to 5 minutes. Turn the spray setting to the **RINSE** position. Moving towards the starting point and holding the sprayer 12 to 24 inches from the surface, thoroughly rinse the surface. Turn the spray setting to the **OFF** position.

Pet Safety: Allow the surface to dry thoroughly, before returning the pet to the area.

PRODUCT SPECIFICATIONS

Color:	Green	Odor:	Fresh Linen
pH:	9.0 – 10.0	Viscosity:	Water thin
Foam:	Moderate	Phosphate:	None
Solubility:	Complete	Emulsification:	Excellent
